PROFESSIONAL SUMMARY

Business Administrator and entrepreneur with 9 years of experience founding, managing and optimizing business operations in Colombia and Canada. Founder of Katty & Co. (\$30K ARR), where I designed the complete digital architecture: a proprietary website (kattyco.ca), a Notion CRM and AI automations across the client lifecycle. Experience coordinating logistics and teams of up to 10 people at high-pressure events. Recognized for academic excellence (Dean's List) and selected institutionally, among hundreds of applicants, for the International Program in Ghana. Trilingual (Spanish, English and French) with strong work capacity, discipline and a focus on results.

EXPERIENCE

Founder & Operator

2023 — Present

Katty & Co. · Vancouver, BC

- Grew a pet care business to \$30K CAD in annual revenue with no outside capital, running it profitably while completing a full-time Bachelor of Business Administration.
- Designed and built the company's CRM in Notion, consolidating client records, bookings and service history into a single system that replaced manual scheduling and follow-up.
- Automated the entire client lifecycle using Notion, GPT and Gmail: booking-triggered welcome emails, AI-personalized daily pet reports with photos, and post-service feedback requests, cutting recurring admin work to near zero.
- Generate 15+ bookings per month through a combination of new client acquisition and a recurring client base, won through printed card distribution and referrals.
- Built a 5-star profile on the Rover marketplace alongside a direct client base, diversifying acquisition so the business does not depend on a single channel.

Independent Contractor & Staffing Coordinator

2022 — Present

Vancouver, BC

- Coordinate logistics, schedules and operational requirements directly with clients on independent contracts.
- Recruit, screen and deploy staffing teams for projects and events, scaling headcount to client demand.
- Negotiate rates in English, manage project budgets and resolve on-site contingencies to hold service standards in real time.

Customer Service Manager & Operations Lead

May — Dec 2021

Mezcaleros Tapas & Cocktails · Montreal, QC

- Promoted from bartender to operations lead in a high-volume hospitality environment.
- Designed and implemented a section-based role distribution system that balanced workload and equalized tip allocation across the team.
- Improved customer service response times and team cohesion during peak service volume.
